Guidelines

Rough Draft Due _____ Final Draft Due _____

DIRECTIONS Answer each of the four questions below with one full paragraph per question, for a total of four paragraphs. To find things to write about, look through your journal entries and use the daily reflections to help you compose this focused set of reflections. Start with notes here, then rewrite your full paragraphs on a separate paper. Your responses will be edited by a peer before you turn in the final copy to put in your portfolio.

Four Questions

Describe one specific skill or attitude you have acquired during site work this semester. How might you apply this skill to your life?

Describe a challenge you have experienced this semester during site work. How did you address this challenge? What would you do differently next time?

What experiential work have you done that improves or builds community? How did the action build or improve a community?

What is one specific goal that you would like to achieve at site by the end of the school year? How will you work toward this goal between now and June?
