**DIRECTIONS** Use the suggestions from your fall grades to make a list of your plans for pursuing your Academic Goals.  
LIST courses (Current and future for this year)  
FILL in your first and second semester courses (if you have completed your first semester courses, leave that section blank). List the goals you have for each course under the column on the right. Come up with specific goals and try to have two or three goals per class.

### Plans for Pursuing my Experiential Goals

You will now be developing goals for your future Experiential work. Take your time filling this out and be thoughtful. It is often challenging for students to write down goals for this section, but think about what you do at your site and what would be appropriate.
