# Reflection on Change

**Name:**_____ **Date:**_____

Mahatma Gandhi once said, "Be the change you wish to see in the world." Reflect on this quote and free write in response to the following questions:

What change do you want to see in the world, whether on the other side of the globe or in your backyard? What fires you up? What frustrates you? What do you look at every day and say to yourself, "I wish someone would do something about that!"? What do you think is unjust or unfair in our community? What do you think needs improvement, whether locally or globally?

Now that you have brainstormed all the different things that need changing, what are some practical ways *you* can participate in that change?
