## Characters

**Student** Wants to make copies for his mentor

**Co-worker** Is already making copies

## Scene at the office

**Student** Quick! I've got to use the copier!

**Co-worker** Excuse me? I'm using it now.

**Student** That's not as important. My mentor needs these now!

**Co-worker** Listen, I will be happy to let you know when I am done.

**Student** You know, you have been rude to me since I got here. What is your problem?

**Co-worker** You know, I realize you are learning and all, but you can't leave something until the last minute and then expect me to deal with your lack of planning.

**Student** I didn't leave this until the last minute. She just gave them to me. See that is the problem. You keep thinking I am a slacker.

**Co-worker** Whatever.

**Student** *Walks away upset and doesn't want to go back to site.*
